

Santa Marta, June 20th, 2012

Dear colleagues,

We are pleased to announce that the organization and planning of the 5th Paleopathology Association Meeting in South America, PAMinSA V, has already begun.

The meeting will take place in Santa Marta (Colombia) from the 14th to the 16th of August 2013. The University of Magdalena will host the meeting, giving the opportunity to share the results of our research on our shared passion- paleopathology.

Information about the Scientific Committee and the Organization Committee, as well as the suggested themes, participation modalities and assorted information, will be published very soon on the website www.quequen.unicen.edu.ar/paminsa/. In addition, we have created the following e-mail address: paminsacolombia@gmail.com.

We are looking forward to see you in Santa Marta on August 2013!

Claudia M. Rojas-Sepúlveda
